FEATURES

- R134a refrigerant
- Max. water output temperature: 60°C
- Four-way valve for automatic defrosting
- Optional built-in electric heater as backup
- Automatic startup and shutdown
- Blue diamond enamel tank

SPECIFICATIONS

MODEL NUMBER: EE-HWS-RCHP-200E EE-HWS-RCHP-200E-1			
OUTPUT UNIT			
	Outdoor unit power supply	V/N/Hz	220-240/1/50
	Compressor	Type	Rotary
Fan		Type	AC
	AIR FLOW (H/L)	m3/h	1250/769
	Air side heat exchanger	Type	Hydraulic aluminum fin + Inner grooved copper tube
Dimension	Unit dimension (L*W*H)	mm	804*327*555
	Net weight	kg	29
Refrigerant		Type	R134a
	Charged volume	g	900
INPUT UNIT			
	Tank volume	L	200
Electric heater	Capacity	kW	2
	Power supply	V/N/Hz	220-240/1/50
Dimension	Unit dimension(W*D*H)	mm	505*505*1665
	Net weight	kg	73
